

ARMIDALE CITY PUBLIC SCHOOL

GENERAL SCHOOL CONTRIBUTIONS

Under the Departments' Voluntary Contributions Policy 1995, we have sought agreement from the school community to ask parents and caregivers for a General School Contribution and a Technology Fee. Funds raised through the General School Contribution will be used to supplement government funding for educational resources and programs in our school. The Technology Fee will enable staff to meet the costs associated with providing the best possible Technology resources and opportunities for the students.

We appreciate your contribution as they will significantly enhance the resources made available to students.

School funds are supplemented by other school activities and funds raised by parent organisations for the benefit all of the students.

I have set out below the details of our General School Contribution and Technology Fee for this year and an outline of the manner in which funds may be expended.

It is anticipated that the funds raised will be expended on the following:

- *General classroom equipment
- *Photocopying—for student activities
- *Teaching resources
- *Library purchases—books, DVDs, etc
- * Printing resources, computer resources, program support materials, subscriptions—site licences

The contribution for 2018 has been set at: **\$45.00 for one (1) student + \$10 technology fee**
\$75.00 for two (2) students + \$20 technology fee
\$95.00 for three (3) or more students + \$30 technology fee

PLEASE NOTE: Payment can be made at the School Office or by Visa /MasterCard online via our website. Please complete the form below and return it to school with your payment.

Should you wish, I will be pleased to discuss difficulties with you, including exemptions, assistance and options for payment by installments.

Thank you for your support.

Mr Matt Hobbs
